What Does Integrity Mean?

By: Terance Gibson

Integrity, it is one of those words that has a deeper meaning behind the word than most people think. So what does integrity mean? Well according to [Oxford Dictionary](#), the meaning of Integrity is first the quality

of being honest and morally upright, the second one is the state of being whole or unified and the last meaning is, to be soundness of construction.

The origin of integrity came from the Latin language "integritas"; from integer which means "intact or a whole". How do we achieve a state of mind in which we believe in being honest and morally just or upright? Well for every single individual we all have to learn what integrity is first, how it works, who can have it, when to use it, where it applies and why it's so important for societies social need for success.

Only you can apply integrity into your everyday life. You can't force it on someone else and no one can force it on you and expect it to stick. The only people who can have integrity are those who want it and see its moral values. Nobody else. Integrity to me means a person has good honest moral character, who is also an over achiever, and will always give everything a 110 percent.

Integrity can mean different things to people. What is your definition of integrity? Please respond and I will share your answers in the next newsletter.

Upcoming Blackout Dates

If you can't work at least a 4 hour shift on these days, a vacation request form is required TWO WEEKS prior to the dates you will need off.

NO BLACKOUTS IN FEBRUARY!

Help Yourself

TOO SWEET

Sugar is in so many products that we eat (even ones we don't realize), and the medical journal Nature is claiming that it is doing much more harm than we think. The USDA estimated that the average person consumes about 90 pounds of sugar per year! [Read more here.](#)

BILLS, BILLS, BILLS

Yes, it's an ugly word, but it's one we are all familiar with as we all have to pay them every month. The good news is, you can save some money on your various bills with some quick and easy steps. [Visit this website](#) to see how you can start saving today!

FAQ:

Q: It's cool if I just call shift reporting or the pager on the way to my shift to find out where it is right?

A: We would prefer you get that information when you are scheduled as we may not be right next to a computer when you call. Know where you are going BEFORE you are on your way!
